Anchor Adds More Center Support Bearing Coverage

Anchor Industries, a respected manufacturer in the automotive aftermarket since 1933, continues to lead the market in late model coverage. We remain vigilant in our commitment to be the industry leader for all makes and models, including, domestic, Asian and European applications.

This month we focus on **5 New Center Support Bearing numbers** that have been recently added. These numbers fit many of the most popular late model vehicles on the road today, accounting for **over 2,680,990 applications**. (based on IHS/Polk data)

Center Support Bearing Key Features:

- Rubber cushion is made of high grade rubber to help dampen vibration
- The housing frame is made of heavy gauge steel for increased durability and extended service life
- All units are produced to OEM standards to ensure perfect fit and performance

Chevrolet Silverado

Make sure you're not missing out on these sales opportunities.
